Nabeul, Tunisia · Willing to relocate to Lithuania

PROFILE

Manufacturing professional with 8+ years of hands-on factory experience in Nabeul, Tunisia, covering personal protective equipment, textile production, packaging and finishing. Strong background in production-line support, material preparation, visual quality inspection, packaging, labelling and safe work practices. Reliable in fast-paced environments, comfortable with shift work and repetitive production tasks. Willing to relocate to Lithuania; seeking full-time production, manufacturing, warehouse or quality roles.

KEY SKILLS

Production line: Assembly and component preparation, work instructions, output targets

Quality: Visual inspection of product, labels, packaging and finishing

Packaging & logistics: Packing, labelling, sorting, counting, material handling

Safety: Workplace safety rules, correct PPE use, organised workstation

Reliability: Shift work, weekends, overtime; punctual and consistent

Teamwork: Coordination with coworkers and supervisors, basic troubleshooting

WORK EXPERIENCE

Production Worker | Honeywell / Sperian Protection | Nabeul, Tunisia **Jan 2024 – Present**

- Support daily production of personal protective equipment in a fast-paced factory environment.
- Prepare materials and components for assembly, inspection, packaging and dispatch per production instructions.
- Perform visual quality checks for product, label, packaging and finishing defects.
- Follow health and safety procedures, use required PPE and report shortages or defects to the team leader.

Production / Garment Finishing Worker | K.W. Manufacturing | Nabeul, Tunisia **Jan 2021 – Dec 2023**

- Supported clothing production and finishing in a high-volume textile manufacturing environment.
- Sorted, folded, labelled and packed finished garments for shipment.
- Performed visual checks for stains, loose threads, incorrect labels and damaged packaging.

Production Worker / Packing Assistant | Crown East North Africa (CENA) | Nabeul, Tunisia **Jan 2018 – Dec 2020**

- Prepared, packed and labelled workwear and protective clothing products.
- Checked finished items against quality and packaging requirements before packing.
- Sorted, counted and moved materials and finished products; kept workstations clean and supplied.
