- Machine & Heavy Equipment: Tower Crane Operation (Cabin & Remote Control), Reach Truck & Forklift Operation, Industrial Mixers, Industrial Cookers, Meat Processing Machinery.
- Software & Systems: SAP (Inventory and production tracking).
- Industry Knowledge: Food Safety & Hygiene Standards, Quality Control, Thermal Processing, Warehouse Logistics, Construction Site Safety & Rigging.

PROFESSIONAL EXPERIENCE

October 2019 – Present

Company: EMpower (formerly Heathside) | Country: Netherlands

Industry: Food Manufacturing

Position: Mixer & Machine Operator / Reach Truck Driver

- Operate industrial cooking installations to prepare and heat ingredient bases, syrups, and pastes for protein bars.
- Operate large-scale industrial mixing equipment to produce precise dough batches from cooked and raw ingredients.
- Utilize SAP software to log production data, manage inventory, and track raw materials.
- Safely operate reach trucks and standard forklifts to load, unload, and transport materials across the warehouse.
- Maintain strict food safety, hygiene, and quality control standards throughout the production and cooking process.

January 2018 – October 2019

Company: Meat Friends | Country: Netherlands

Industry: Food Production & Processing

Position: Machine Operator / Production Worker

- Set up and operated specialized cutting and meat processing machinery.
- Managed the packaging, weighing, and labeling of finished products in a fast-paced environment.
- Conducted regular quality checks and ensured all workstations met rigorous sanitation regulations.

August 2017 – January 2018

Company: Heildarverk | Country: Iceland

Industry: Construction

Position: Tower Crane Operator & Rigger

- Operated remote-controlled tower cranes from the ground safely and efficiently for heavy construction projects.
- Performed dual duties as a Rigger, safely securing heavy loads, attaching rigging equipment, and managing ground-level operations while controlling the crane.
- Communicated closely with ground crews via radio to ensure the precise movement of materials.
- Provided versatile ground support, assisting with material handling, site preparation, and general construction labor.
- Conducted daily safety inspections and routine maintenance checks on the crane and lifting gear.

July 2015 – June 2017

Company: AB "Vilniaus Kranai" | Country: Lithuania

Industry: Machinery & Equipment Rental

Position: Tower Crane Operator

- Operated cabin-controlled tower cranes for various commercial and residential building sites across the region.
- Managed complex lifts from heights, demonstrating strong depth perception and spatial awareness.
- Ensured all lifting operations strictly complied with national health and safety regulations.

August 2016 – September 2016

Company: Sligro | Country: Netherlands

Industry: Food & Beverage Wholesale

Position: Order Picker

- Accurately picked and packed wholesale food orders using handheld warehouse scanners.
- Prepared pallets for shipping and maintained a clean, organized working environment.

June 2014 – August 2014

Company: UAB "Maxima" | Country: Lithuania

Industry: Retail Warehouse Logistics

Position: Order Picker

- Collected items from warehouse shelves based on daily order requirements.
- Ensured fast and accurate assembly of store deliveries to meet dispatch deadlines.

March 2014 – May 2014

Company: UAB "Krantchna" | Country: Lithuania

Industry: Machinery & Raw Materials Logistics

Position: Warehouse Worker

- Assisted with the loading, unloading, and organizing of heavy machinery and secondary raw materials.

January 2010 – February 2014

Company: Stein Design | Country: Norway

Industry: Stone Masonry & Construction Materials

Position: Stone Crafter / Slate Splitter

- Processed raw stone sourced from blasted mountains into high-quality roofing tiles.
- Utilized precise manual techniques with a hammer and chisel to accurately split stones along natural fault lines.
- Ensured consistent sizing, quality, and structural integrity of the handcrafted stone tiles.
