**Email address:** [dreslerike@gmail.com](mailto:dreslerike@gmail.com)

**Home:** GREAT YARMOUTH (United Kingdom)

### ABOUT ME

I am looking for a job related to CNC machining in UK, an area where I have a lot of hands-on experience and where I feel strongest. Over more than a decade I have worked in both Lithuania and the UK on everything from CNC bending machines, milling and drilling to quality control and simple program writing and corrections in G and M codes.

I have worked on machines such as HAAS VM3, Super Mini Mill, Salvagnini, ADIRA, COASTONE, as well as programming and testing VFD and TFT modules in electronics manufacturing. I am good at reading drawings, working with different materials such as steel, stainless steel, aluminium.

I am a person for whom quality and precision are important. I often take the initiative in my work, and I am able to pick up new techniques or working principles quickly. Both in my previous positions and in teamwork, I have always tried to improve processes, propose solutions and help colleagues when necessary.

I'm open to a variety of job offers - I'm looking for the opportunity to grow, learn and develop new skills. It's important to me to work responsibly, thoroughly and with motivation - whether it's in a familiar field or a new challenge.

I believe that my experience with various machine tools, my ability to learn quickly and my willingness to improve would be a strong asset to your team.

### WORK EXPERIENCE

#### **PLIENO FORTAS (LT)**

##### **CNC metal milling machine operator**

[ 2022 – 2025 ]

- Working with OKUMA GENOS M560;
- Reading drawings, measuring products;
- Machining of steel;
- Tools: millings, drills, reamers, tappers and others
- Writing programs and correcting existings.

#### **TEREKAS (LT)**

##### **CNC metal milling machine operator**

[ 2020 – 2022 ]

- Working with HAAS VM3, HAAS Super Mini Mill;
- Reading drawings, measuring products;
- Machining of steel, stainless steel, aluminium, caprolon;
- Tools: drills, reamers, tappers, round endmills, flat endmills, chamfer mills, centre drills;
- Correction of G and M codes in existing applications;
- Writing simple programs.

## **NMF ARTILUX NMF (LT)**

### **CNC metal folding machine operator**

[ 2018 – 2020 ]

- Working with P1 Salvagnini, ADIRA, COASTONE folding machines;
- Reading drawings;
- Writing programs and feeding them into the machines;
- Fabrication of products in base metal, ferrous metal and aluminium.

## **M&M PLASTIC (UK)**

### **Productive Operative**

[ 2014 – 2018 ]

- Inspection and packaging of plastic bottles.

## **ITRON NORITAKE (UK)**

### **Quality and support specialist**

[ 2005 – 2014 ]

- Soldering, programming, testing of VFD and TFT modules;
- Responsibility for product quality;
- Recruitment of people for the job;
- Ordering tools;
- Working with laser;
- I was First aider and fire marshall at work.

## **EDUCATION AND TRAINING**

---

### **Professional**

*Kursenai Polytechnic School* [ 2001 ]

### **Secondary**

*Mazeikiai "Venta" Secondary School* [ 1997 ]

## **LANGUAGE SKILLS**

---

**Mother tongue(s):** Lithuanian

**Other language(s):**

### **English**

**LISTENING** B1 **READING** B1 **WRITING** B1

**SPOKEN PRODUCTION** B1 **SPOKEN INTERACTION** B1

### **Russian**

**LISTENING** B1 **READING** B1 **WRITING** B1

**SPOKEN PRODUCTION** B1 **SPOKEN INTERACTION** B1

*Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user*

## **DRIVING LICENCE**

---

**Driving Licence:** B

**Driving Licence:** C

**Driving Licence:** TR1, TR2, SM, CZ

## HOBBIES AND INTERESTS

---

Active Leisure

Sport

Travel

Other personal and professional activities

## COURSES

---

[ 2015 ]

**Tiler**

Ability to prepare walls and floors for tiling. Tiling both indoors and outdoors.

## KEY SKILLS

---

Initiative, proactivity, independence

Excellent communication skills

Knowledge and understanding of occupational health and safety in the workshop and in production

Attention to detail and the ability to concentrate on the task

In-depth knowledge of CNC machines, basic CNC programming, and metalworking

Personal determination and the desire to do the job to the best of one's abilities

Sound knowledge of IT systems/MS Office

Experience working in a quality assurance role

I'm open to a variety of job offers - I'm looking for the opportunity to grow, learn and develop new skills
