Valentine Oshiokhai Agbavhokhai

Electronics Testing | IT Support | Document Control

Available for full-time work, including fixed night shifts

PROFESSIONAL SUMMARY

Electrical/Electronics Engineering graduate with hands-on experience in fault-finding on IT and electrical equipment, and in accurate, traceable record keeping for engineering and oil and gas companies. Careful with detail, comfortable working with computers and used to following procedures step by step. A background in technical sales of electronic equipment adds product knowledge and clear reporting. MSc in progress at Kaunas University of Technology.

WORK EXPERIENCE

Document Controller and Technical Operations Support 05/2025 - 03/2026
Atlantic Bluewater Services Limited | Port Harcourt, Nigeria

- Managed the document control process for engineering and project records, including registration, version control, distribution and archiving.
- Kept documents accurate, traceable and in line with company procedures and project requirements.
- Tracked document status across engineers, supervisors and field teams, and followed up on outstanding items.
- Prepared reports and maintenance records, and supported workshop and field operations.

IT Assistant (Industrial Training) 01/2023 - 06/2023
Aveon Offshore Limited | Port Harcourt, Nigeria

- Provided daily IT support to staff, diagnosing and fixing workstation, peripheral and routine technical problems.
- Helped maintain internal IT infrastructure and electrical systems to avoid disruption to operations.
- Recorded faults, fixes and maintenance work in structured reports.

Procurement Assistant 02/2022 - 07/2022
Intermckx Nigeria Limited | Port Harcourt, Nigeria

- Sourced tools, safety equipment and engineering hardware to keep operations supplied.
- Communicated with suppliers, negotiated prices and delivery terms, and compared specifications against cost.

Technical Field Sales Representative 03/2015 - 09/2018
Foresight Communication and Services | Port Harcourt, Nigeria

- Advised customers on electronic and communication equipment, and handled orders and deliveries.
- Prepared sales and inventory reports against targets and deadlines.

EDUCATION

B.Eng. Electrical/Electronics Engineering 11/2018 - 09/2024
Ambrose Alli University | Ekpoma, Nigeria

- Second Class Upper Division (CGPA 4.42/5.00), EQF level 6
- Final project: design and installation of a 4.5 kW solar power system for a home

MSc Automation and Control Technologies In progress
Kaunas University of Technology | Kaunas, Lithuania
