Muhammad Tayyab

CNC Machine Programmer and Operator

Phone: +37163184655 **Email:** tayyab5829012@gmail.com **Address:** Neringos g. 40

SUMMARY

CNC machine programmer and operator with 5+ years of hands-on experience in laser cutting and CNC router setup, delivering accurate cuts, stable machine performance, and fast production turnaround. Skilled in machine setup, preventive maintenance, technical troubleshooting, safety compliance, and process optimization, with a strong record of solving mechanical and technical issues before they disrupt output. Built and managed a laser cutting business, blending operational discipline with business management and customer-focused service. Reliable, detail-oriented, and results-driven, bringing the precision and ownership needed to keep production efficient and profitable.

EXPERIENCE

CNC Machine Programmer and Operator
Apr 2020 – Nov 2025

Dubai CNC Logic — Haripur, PK, Pakistan

Operated and programmed CNC laser cutting machines and completed full setup of CNC router wood cutting machinery. Diagnosed and resolved technical and mechanical issues to maintain continuous production. Built and managed a laser cutting business in Pakistan through 2025, overseeing daily operations and client delivery.

TECHNICAL & CORE SKILLS

Skill	Level
Machine Setup	Expert
Technical Troubleshooting	Expert
Process Optimization	Expert
Safety Compliance	Expert
Production Efficiency	Expert
Problem-Solving	Expert
Wood Cutting	Expert
Business Management	Expert
Laser Operation	Expert
Preventive Maintenance	Expert
Quality Inspection	Expert
Mechanical Repair	Expert
CAD/CAM Software	Expert
Tool Path Optimization	Expert
Material Selection	Expert
Fixture Alignment	Expert
Cutting Parameter Adjustment	Expert
G-Code Programming	Expert
CNC Router Setup	Expert
CNC Laser Cutting	Expert
CNC Router Technical & Mechanical Engineering	Proficient
CNC Programmer	Proficient
CNC Operator	Proficient
